with some 280 colour illustrations introduction to modern design takes us on a visual survey of design from the industrial revolution of the eighteenth century to the maker movement of today it offers a new understanding of the birth of modern design in the early twentieth century and chronicles the way its meaning has changed over the decades the narrative is supported by twenty six readings from significant texts by designers and critics offering readers an opportunity to learn about design from those who created it and those who commented on it as it was done the focus of this book is on the objects themselves from industrial design furniture ceramics textiles graphics electronics to automobiles and explores the development of these designs in relation to industrialization technology environmental responsibility consumerism individual needs and the expression of the social values of their day clearly written and accessible introduction to modern design provides a succinct history of and fascinating insights into the world of design

grappling with the place of jewish philosophy at the margin of religious studies robert erlewine examines the work of five jewish philosophers hermann cohen martin buber franz rosenzweig abraham joshua heschel and joseph soloveitchik to bring them into dialogue within the discipline emphasizing the tenuous place of jews in european and particularly german culture erlewine unapologetically contextualizes jewish philosophy as part of the west he teases out the antagonistic and overlapping attempts of jewish thinkers to elucidate the philosophical and cultural meaning of judaism when others sought to deny and even expel jewish influences by reading the canon of jewish philosophy in this new light erlewine offers insight into how jewish thinkers used religion to assert their individuality and modernity

an introduction to political science in nigeria attempts to fill the void in the literature for undergraduate and graduate students in the third world particularly nigeria that are studying the arts humanities social sciences education and law primarily intended for introductory courses in political science and specifically nigerian government the material covers such areas as the foundations of political science key concepts of political thought political systems citizenship world order and politics
